CASH TO CARD

- ✓ High Security
- ✓ Convenient
- ✓ Reliable
- ✓ Peace of Mind

Stimulate card usage by increasing the convenience of card valuing using the Heartland Classic High-Security Cash to Card Station.

The Classic High Security Cash to Card Station provides a secure, reliable means to transfer cash to Heartland's MoneyClip Smart Card. The combination of Heartland's extremely durable designs and system security features make the Cash to Card perfect for both attended and unattended locations.

Add Value to Card

Benefits & Advantages

Effective Security

- ✓ Automatic shutdown after 7 minutes without power to prevent unauthorized use and counterfeiting of cards
- ✓ Uses a secure System Wake-Up Card to reactivate system after shutdown
- ✓ Non-resettable, mechanical counters
- ✓ Complete audit trail, comprehensive electronic reports (2 types) and mechanical counters
- ✓ 5 -year battery back-up

Extremely Durable Design

- ✓ Able to withstand abuse in unattended environments
- ✓ High-security case made of 7ga. steel
- ✓ Double tubular locking mechanisms to withstand tampering and theft attempts

Additional Features

- ✓ Accepts \$1, \$5, \$10, or \$20 bills or can be limited to specific bill denominations
- ✓ Optional Card Dispenser allowing for unattended card purchases
- ✓ Standard bill validator holds up to 600 bills
- ✓ Programmable options support bonuses based on time-of-day, user group or bill denomination

Electronic Data Collection

Data collection is accomplished by the use of a portable, hand-held collection device that can be purchased separately. Once transactions have been collected, data is processed and reports are generated for vendor/merchant settlement.
